Professional Summary

Aspiring Computer Engineer with hands-on experience in full-stack web development (MERN stack) and AI/data analytics. Skilled in React.js, Node.js, Express.js, Python, FastAPI, and Generative AI (RAG). Seeking placement and internship opportunities to leverage technical skills in building scalable software solutions.

Education

SSBT's College of Engineering and Technology

B.E. in Computer Engineering (Current CGPA: 8.2 / 10.0)

Jalgaon, MH

2023 – 2027

Class XII (HSC): 73% (2023) | Class X (SSC): 91.20% (2021)

Technical Skills

Programming Languages: C, C++, Java, JavaScript, Python, HTML5, CSS3

Web Development: React.js, Node.js, Express.js, FastAPI, REST APIs, Tailwind CSS

AI & Cloud Technologies: Generative AI (GenAI), RAG Systems, Microsoft Azure (Core Data), Data Analytics

Databases & Developer Tools: MongoDB, PostgreSQL, Firebase, Cloudinary, Razorpay, Git, GitHub, VS Code

Experience

Web Development Intern

June 2025 – July 2025

InternPro

Remote

- Engineered 5+ responsive front-end web components using React.js and JavaScript, improving internal tool page load speed by 25%.
- Resolved 15+ cross-browser compatibility and UI issues, increasing platform navigation efficiency for 500+ internal users.
- Received an official **Letter of Recommendation** for exceptional technical delivery and quick onboarding.

Web Development Intern

June 2025 – July 2025

VaultofCodes.in (AICTE Corporate Internship)

Remote

- Delivered 10+ client-side UI feature modules using HTML5, CSS3, and JavaScript within strict milestone deadlines.
- Collaborated with senior engineers to refactor code structure, achieving 100% mobile responsiveness across tested devices.

AI & Data Analytics Virtual Intern

June 2025 – July 2025

AICTE, Shell India & Edunet Foundation

Virtual

- Completed 40+ hours of intensive hands-on coursework on Artificial Intelligence models and Data Analytics workflows.
- Analyzed real-world dataset case studies under the Skills4Future program and earned industry certification.

Projects

StudentMart – Campus Peer-to-Peer Marketplace | *React, Node.js, Express, MongoDB, Razorpay* [Live Demo](#) | [GitHub](#)

- Architected a peer-to-peer campus marketplace supporting 100+ active student users across regional colleges.
- Integrated **academic email authentication** (.edu/.ac.in) for user verification, reducing unauthorized signups by 100%.
- Configured **Razorpay API** for instant digital payments and **Cloudinary CDN**, cutting image loading latency by 40%.
- Programmed an automated student discount engine offering dynamic price reductions based on verification status.

Pulse X – Full-Stack Social Media Platform | *React, Node.js, Express, MongoDB, Tailwind CSS* [Live Demo](#) | [GitHub](#)

- Developed a full-stack social media application featuring real-time post creation, profile management, and interactive feeds.
- Enforced **JWT + Bcrypt** authentication securing 100% of API endpoints and user session data.
- Optimized Multer + Cloudinary media processing pipeline, reducing user media upload response time by 35%.

GenAI Academic Support System with RAG | *Python, FastAPI, GenAI, RAG, React* *Major Project (In Progress)*

- Designing an AI University Support System using **Generative AI** and **Retrieval-Augmented Generation (RAG)**.
- Building a high-concurrency **FastAPI backend** to parse 50+ university syllabus PDFs with sub-1.5s query response times.

Certifications & Achievements

- Tata GenAI Powered Data Analytics** – Completed job simulation on Forage (Exploratory Data Analysis & Risk Profiling)
- Microsoft Azure Data Core Concepts** – Certification issued by Microsoft Learn
- AI & Data Analytics Certification** – Issued by Shell India & Edunet Foundation (AICTE Skills4Future)
- Problem Solving & DSA** – Solved **100+ LeetCode problems** covering Data Structures and Algorithms
- Letter of Recommendation** – Received from InternPro for outstanding web development contributions
